# Gina's Life Shows the Power of Your Compassionate Investment

Gina came to the Durham Rescue Mission with a broken heart. Her family life was often strained, but a recent dispute had escalated severely. She was left on her own with no place to go. "If it hadn't been for the Mission," she said, "I could be on the streets."

When she arrived, she was relieved just to have food and shelter. But everyone at the Mission has their responsibilities to help maintain their home. Gina enjoyed the responsibility and even said, "It is very fulfilling to be able to give back."

Now, Gina is training for a career as a teacher, and her faith has grown tremendously. While her family situation needs prayer, she has a renewed hope for her own future:

**"The Mission gives you everything you need to become a productive member of society. They don't just meet your basic needs. They also provide spiritual, vocational, and educational guidance. I'm truly grateful."**

Thank you for rescuing Gina from homelessness, and for making her transformation possible. Please send your next gift today to help more people in the Triangle suffering from homelessness and poverty.
